STANDOUT ELEVATIONS

Elevation A:

Showcases Sorbara's take on the modern farmhouse—featuring a striking combination of stone accents and vertical board and batten siding for timeless curb appeal. This design includes standout architectural elements such as enlarged 8’ front entry doors with multi-point locks, metal standing seam roof areas, vaulted porch ceilings, decorative roof overhangs, wood-look gable accents and columns (as per applicable plans), all carefully chosen to elevate the home's overall aesthetic.

Elevation B:

Offers a timeless take on traditional design, featuring a full brick exterior on all elevations that exudes strength, sophistication, and enduring curb appeal. Built to stand the test of time, this classic elevation makes a bold and lasting impression using enlarged 8’ front entry doors with multi-point locks, oversized porch columns, stone skirting and precast accents across the lineup.

Elevation C:

Embodies a bold, modern-contemporary style, featuring a dynamic mix of materials—including enlarged 8’ front entry doors with multi-point locks, prominent use of stone on front elevation, brick masonry on all elevations, premium metal siding, standing seam metal roofing and glass panel garage doors. With its clean lines and striking geometric forms, this elevation is designed to captivate today’s modern homebuyer seeking cutting-edge architectural appeal.

Plans and design features subject to availability, not available on all elevations, plans or sites. Please see sales representative for details. Illustrations are for inspiration only. E. & O.E.
